

Walk This Way...
Pastor Brian Richardson
Series Title: God And Your Bod...
Sunday, October 7, 2007

Our bodies were made by God-for God-to honor God

The Bible says that we honor God best with our feet, when we place our feet on the right path.

The principle of the path...

"The path you're on, determines where you will end up..."

It is not our dreams, desires, intentions or motivation that determines where our life ends up, but it's the path we place our feet on. Direction determines destination not dreams...

- *Relationally
- *Morally
- *Financially
- *Marriage
- *Careers

- Smart enough
- Careful enough
- Slick enough
- Cautious enough

"Have I placed my feet on a path that takes me in a direction I desire to go?"

Proverbs 7:6-15 NLV
Proverbs 7:16-22 NLV (Stop it at: follows her)
Proverbs 7:22b-23 NIV
Proverbs 7:24-27 NLT

" I can't believe where my life is at. I can't believe what a mess I'm in. I can't believe how my family is ripped apart. I can't believe she doesn't trust me anymore. I can't believe I've lost them all..."

Stop
Look

"If I continue in the direction I'm headed where will it end up?"

"Where does this path go relationally...?"
"If I continue, where will I be financially...?"
"If I keep going down this path, where will I be morally...?"
"Where will I be as a parent...?"
"Where will I end up in my business...?"
"Will this path take me where I want to with my health...?"
